Ms. Patricia Reyes
Human Resources Director
Accenture Philippines
Pioneer St., Mandaluyong City, Metro Manila

Dear Ms. Reyes:

As a person with a strong passion for technology, I was delighted to see the opening for an IT Associate position at Accenture Philippines, as recently advertised on your official social media page. As a hard-working and highly motivated IT professional, I'm eager to bring my technical skills and passion to your recognized organization.

I hold a Bachelor of Science in Information Technology degree from Batangas State University—Lipa Campus. Throughout my academic experience, I developed strong skills in software development, database management, and network troubleshooting. I actively affiliated with organizations to improve my communication and technical skills, and I also participated in competitions that the university provides, which honed my problem-solving skills and confidence. I am especially drawn to Accenture's commitment to propelling breakthroughs and digital transformation, and I am confident that my technical background and collaborative mindset make me a strong fit for your team.

I would welcome the opportunity to discuss how my academic achievements and technical skills align with the vision of Accenture. Thank you for considering my application, and I look forward to the possibility of an interview.

Sincerely,

Daniel Rodge A. Caindoy

Mr. Carlos Villanueva
Head of IT Recruitment
Globe Telecom, Inc.
The Globe Tower, 32nd Street corner 7th Avenue
Bonifacio Global City, Taguig, Metro Manila

Dear Mr. Villanueva:

Good day! If you would be so kind to acknowledge this letter, along with my attached resume as an expression of my interest in the IT Specialist position currently available at Globe Telecom.

With a strong academic background in technology and a passion for optimizing digital infrastructure, I am eager to offer my skills and knowledge to contribute on telecommunications leader like Globe.

I hold a Bachelor of Science in Information Technology degree from Batangas State University - Lipa Campus. Throughout my degree program, I specialized in systems administration, network security, and IT support. I am well-versed in managing hardware as well as software deployments, resolving complex technical issues, and ensuring systems run securely and efficiently. My academic training aided my development towards rigorous approach to troubleshooting and a profound insight on how robust IT systems support overall business objectives. I am highly impressed by Globe's continuous network upgrades and digital service innovations, and I am enthusiastic by to bring my proactive approach to your IT department.

I am intrigued in bringing my technical expertise to your team and would appreciate the opportunity to discuss my qualifications with you in an interview. Thank you for your time and consideration.

Sincerely,

Daniel Rodge A. Caindoy
